**Subject:** Uber in South Carolina

I have used Uber for years for business and pleasure and have had nothing but good experiences. Having grown up in SC and visit family frequently I am appalled at the lack of public transit (including taxis) in every major city in the state. Giving people easier options to take a cab home from the bar is in the public interest, whoever is reading this knows that drunk driving in SC is a way of life....due to the lack of options when going home.

Move this thing forward.
